

Lahontan Regional Water Quality Control Board

March 16, 2012

TO ALL INTERESTED PERSONS AND AGENCIES:

PROPOSED WASTE DISCHARGE REQUIREMENTS

The Water Board anticipates considering waste discharge requirements for the US Forest Service, LTBMU South Shore Fuel Reduction and Healthy Forest Restoration Project at the April 11-12, 2012 Lahontan Water Board Meeting. The Water Board requests that you review the documents and provide us with your written comments no later than **April 2, 2012, at 12:00 noon**, which is approximately ten (10) days before the Board Meeting. Comments received after that date and time may not be given full consideration in preparation of the recommended Order to be presented to the Board for adoption. The documents may be viewed and downloaded from our website announcement link on Lahontan's front webpage at <http://www.waterboards.ca.gov/lahontan/>.

You may contact me at (530) 542-5426 if you should have any questions or wish to discuss the waste discharge requirements.
